Serving Delicious Enlightenment

It started with a quest for the perfect bagel—one that was not only delicious, but spreads goodness to our customers, farmers, and environment.

So we rolled up our sleeves and learned all we could about the farmers who grow our ingredients, the craft of artisanal baking, and the art of community.

We grew a lot along the way, and all that work resulted in a humble bagel that we can be proud of. Each bite is a taste of that journey and a chance to savor delicious enlightenment.
